

Athletics Reformation Plan, Giving Grad - Student Ideas, Goes Before Council Today

Recommendations Gained In
Statewide Query Put In
Composite Form By
Committee

PROPOSAL IS ESSENCE
OF SIX WEEKS' WORK

Body To Meet At 3 P. M.
In President's
Office

The athletic reorganization committee made a composite of all recommendations gathered from students and alumni in the recent statewide query, when it met yesterday afternoon in President McVey's office.

The composite proposal, outlining a new sports set-up, will be placed before the Athletic Council at its meeting, to be held at 3 p. m. today, in the office of President McVey. It will organize the athletic administration on a new basis, recommending coaches, an athletic director and other officials. At today's assembly definite action on the issue is expected.

What the reorganizers hold now is the essence of six weeks' work and investigation. From the accumulated findings the new athletic system will probably be erected.

Adolph Rupp, head basketball coach, was in consultation yesterday with the President, but no information concerning his visit was available.

Students Appear On Third Guignol Laboratory Night

A program consisting of two one-act plays, two skits, and a premier showing of a film made by the Guignol of its recent production, "The Tempest," was presented at a laboratory session of the little theater last night.

The first play, directed by Dorothy Clay, had the following cast: Esther Montgomery, Preston Johnson, Norman Marshall, George Kendall, and Ralph Kendall. Johnson was assistant director.

"Home Rule," the second play, was directed by Katherine Crouse, assisted by Dorothy Elliott. The cast included Jane Crump, Jesse Roby, Iva Howe, Irving Danziger, and John Lewis.

Two skits, entitled "Progressive Education" and "A Theater Guild Production," were under the direction of Mrs. E. Z. Palmer, assisted by Charlotte Percival. Members of the cast were William Tudor, Jean Marie McConnell, Ruelle Palmer, Tom Downing, Ruth Lewis, Irmey Brown, Helen Fridman, Victor Ginsler and Deedo Forest.

The movie of "The Tempest" was directed by Frank Fowler and photographed by William Curry, John Carter and Lloyd Ramsey.

Thomas M. Arkle, Former Instructor, Dies Wednesday

Thomas McKee Arkle, 69, member of the department of buildings and grounds for the last few months, died at 5 p. m. Wednesday, at his home at 320 Rose Street.

Instructor in woodworking in the College of Engineering since 1918, he had only recently been transferred to the building and grounds department.

Mr. Arkle was a native of Bourbon county and a member of the Masonic lodge. He is survived by his wife, two children, a sister, and two brothers.

Funeral services will be held at 2 p. m. today with burial in the Paris cemetery.

Dr. McVey Addresses Princeton Farmers

Dr. Frank L. McVey returned Wednesday night from Princeton, Ky., where he delivered an address at the Annual Short Course in General Farm Subjects, given by the University's agricultural sub-station in Western Kentucky. Other members of the University staff who made talks at the meeting are Dr. Thomas P. Cooper, dean of the College of Agriculture; Russell A. Hunt, W. C. Johnstone, Prof. George Roberts, Dr. W. W. Dimock, and Dr. H. B. Price, all of the College of Agriculture.

Operatic Ensemble To Present Program

Herbert Petrie and his White Hussars, symphonic and operatic ensemble, will appear under the auspices of the University band at 2:30 p. m. Wednesday, February 23, in Memorial Hall.

The ensemble, which has been praised by critics as "extremely colorful and dramatic," features a quintette in brass, operatic tenor, instrumental soloist, soprano, and harp soloist.

Tickets for the concert go on sale this morning by members of the University band. Proceeds from the program will go toward buying additional equipment for the band, John Lewis, director of the organization, said yesterday.

Nine Students To Govern Use Of New Edifice

Student Union Governors To
Be Chosen In Manner Of
Cincinnati City
Commissioners

Members of the Board of Governors for the new Student Union building will be elected by a system similar to that used in Cincinnati for the appointing of city commissioners, according to present plans of the constitutional committee released yesterday.

Dr. J. W. Manning, professor of political science, conferring with the present city commission of Cincinnati, aided members of the committee in working out details of the constitution. At a meeting of the committee last Tuesday, suggestions were offered for minor changes and revisions to be made before the document is voted on.

A meeting probably will be called the latter part of next week at which time the constitution will be approved by the committee, and go to President McVey and the Board of Trustees for final approval.

The Board of Governors will be composed of nine students, three girls and six boys. If present plans are approved, Selection is to be made on a merit system. Points obtained from working on sub-committees, appointed by President McVey, the Men's Student Council and A. W. S. are Joy Edgerton, Carolyn Sigler, Nathan Elliott, Leonard Carr, Roland Price, James S. Shropshire, Dean Sarah G. Blanding, and Dean T. T. Jones.

GREEKS TO SEEK PLEDGES TODAY

Nine National Sororities Will
Offer Invitations; Last Bid
Day Of Term, Council
Says

Second semester sorority bids may be obtained at the office of the Dean of Women between 10 a. m. and 12 p. m. and 4 p. m. today, officers of the women's Pan-Hellenic council said yesterday.

All women students who expect to receive sorority bids this semester must call at the office during the designated hours. No other bid day will be held this semester unless special permission is granted by the Pan-Hellenic council.

Sororities issuing bids are the nine national social groups, Alpha Delta Theta, Alpha Gamma Delta, Alpha Xi Delta, Chi Omega, Delta Delta Delta, Delta Zeta, Kappa Delta, Kappa Kappa Gamma, and Zeta Tau Alpha.

Women students are reminded that the next official bid day will not be held until next fall and that if they desire to accept an invitation to join a sorority they must call at the Dean of Women's office today, officials of that office said.

Registered Autos Now Total 450

Persons Parking In Areas
Not Allocated Them
Will Be Fined

Approximately 450 automobiles have been registered in the 15 campus parking areas, Dean T. T. Jones, who is in charge of the registration of the cars, said yesterday.

Since the regular registration period ended Monday, February 14, those who wish to obtain a space will be assessed a fine of 10 cents, which will be added to the semester fee of 25 cents. All persons who park in areas not allotted to them are subject to be fined \$1 for each offense, Dean Jones stated.

One of the 15 areas is reserved for the cars of faculty members, while spaces in two of the divisions are given over to visiting automobiles.

English Professor To Conduct Clinic

Prof. W. R. Sutherland, University English department, will conduct the first meeting of a speech practice class for business and professional men and women of Nicholasville and Wilmore at the Lexington courthouse at 7:30 o'clock tonight. Recordings of voices of all those interested in entering the class will be taken and details of the course will be explained at this session.

DOCTOR VANDENBOSCH SLATED FOR ASU TALK

Dr. Amry Vandenbosch, head of the political science department, will speak on the European situation at a meeting of the American student union at 7:30 o'clock Monday night in Room 210, McVey hall.

Temporary Staff Still Edits Kernel

Continuing in charge of the Kernel for this issue is the temporary staff appointed last week by Ross J. Chepele, editor-in-chief. The plan of employment of trial groups from which to select a permanent staff will be followed throughout the next few weeks. In March the appointment of next year's Kernel editors and staff will be announced, based on the results of the experiment now in force.

In charge of this issue are: Don Irvine, editor-in-chief; Ed Muehler and Cliff Shaw, associate editors; Andrew C. Eckdahl, managing editor; Jean McElroy, assistant managing editor; L. T. Iglehart, news editor; Alice Wood Bailey, assistant news editor; J. B. Faulconer, sports editor; Joe Creason, Louis Haynes, and Mack Hughes, assistant sports editors; Lillian Berry Clark, society editor.

McVEY TO TALK ON WORLD TOPICS

President To Open Twelfth
International Affairs Dis-
cussion and Lecture Series
Monday

Dr. Frank L. McVey will open the twelfth series of lectures and discussions conducted by the study class in international affairs with a talk on "General World Conditions and Their Effect on the United States" at a meeting to be held at 7:30 p. m. Monday, February 21 in Room 111 of McVey hall.

Conducted by the University Women's Club and the Lexington branch of the American Association of University Women, the series will consist of dinner meetings, speeches, and round table discussions.

The committee in charge of the study class is headed by Mrs. Frank L. McVey, chairman; Miss Sarah Blanding, vice-chairman; and Miss Marguerite McLaughlin, secretary.

The speaker for the meeting on February 28 will be Mr. Huntley Dupre, who will talk on "Contributions of Smaller Nations to World Politics and Civilization."

Other speakers for the remaining lectures in the series will be announced at a later date.

Air Corps Exams Given 28 ROTC Men

Applicants For Flying School
Are Given Physical
Tests

Physical examinations were given this week to 28 R. O. T. C. graduates and University students and ten members of the Eastern State Teachers College R. O. T. C., who applied for enrollment at the Flying Cadet Army air school at Kelly Field, Texas, Col. B. E. Brewer, University commandant, said yesterday.

The examinations were in charge of Capt. Walter F. Heine, Medical Corps, Schanute Field, Rantoul, Ill. Men who already have been graduated will report at Kelly Field March 1. Undergraduates chosen will report in July.

Men selected will begin training at the school at \$75 a month salary, ration allowances, with shelter and clothing furnished.

Work at the school will include three years of training in mechanics, flying, combat principles, tactics, and use of aerial armaments.

Ely Discusses Plans For Two-Day Course In Cattle Breeding

Prof. Fordyce Ely, head of the dairy department, was the principal speaker at the annual meeting of the Kentucky Jersey cattle club, Wednesday in Danville.

Stressing a plan to make the state's pure-bred Jersey cattle figure more prominently in national dairy affairs, Professor Ely said that the two-day breeding course proposed by the University and tentatively scheduled here for June 22 and 23 would include the classification of the pure-bred Jersey herd at the state experiment station.

Plans also included a trophy for the best Kentucky-bred and owned Jersey shown at the state fair, a field day for Jersey breeders in Western Kentucky and another in the Bluegrass, a state sale, and active participation in all major agricultural fairs.

Housemothers Hear Dean Sarah Holmes

"University Regulations Regarding Students" was the subject of an address by Mrs. Sarah B. Holmes, assistant dean of women, Tuesday, before a meeting of town housemothers for women. Dr. Margaret Ratliff, instructor in psychology, will speak on the "Adolescent Girl" before the same group at 2 p. m. Monday.

UK GETS \$60,000 TO HELP EQUIP NEW BUILDING

Scientific Equipment To Be
Bought On Completion
Of Sciences
Edifice

STRUCTURE'S STEEL
FRAMEWORK FINISHED

Armory Will Be Enlarged;
Rifle Range, Drill Area
To Be Added

Sixty thousand dollars for use in obtaining scientific equipment for the Biological Sciences building, now under construction, was included in a \$49,000,000 state budget bill recently passed by the Kentucky legislature, according to a statement obtained from the business office yesterday.

Other appropriations for equipment included in this bill were \$30,000 for the University library and \$80,000 for engineering materials. Expense money allotted to the University for the next fiscal year include \$775,000 for operating costs, \$8,000 for the summer school, and \$8,000 for repairs to buildings.

The scientific equipment will be purchased upon completion of the Biological Sciences building, which is being erected by the J. A. Jones Construction company of Charlotte, N. C., and which is expected to be finished by June of this year.

Erection of the steel framework of the structure which will house the laboratories and classrooms of the bacteriology and other departments, has been completed and workmen are now engaged in pouring the concrete flooring.

Work on other campus building projects is progressing rapidly. Final clearing operations of the Student Union building is now under way, and the structure is expected to be open for public inspection within a few weeks.

Painting and cleaning of the lower floor of the newly erected west unit of the engineering quadrangle is in progress, while the second floor of that edifice has already been occupied by classes in engineering.

Also under construction is an addition to the Buell armory, which when completed will provide 7,000 square feet of added drill space and a basement rifle range for the Military department.

Smallpox Prevalent, Dr. Chambers Says

Physician Advises Students
To Be Revaccinated
Against Disease

In view of numerous cases of smallpox that have been reported in scattered areas throughout the state, Dr. J. S. Chambers, dispensary director, yesterday urged every student who has never been vaccinated or who does not have a distinct scar, to be vaccinated at once.

Regardless of previous vaccination or students' beliefs that they are immune to the disease, revaccination is advisable, Dr. Chambers said. Natural immunity to smallpox is a rare occurrence.

Cases of smallpox have been reported in Ohio, Indiana, Illinois and Tennessee. In Rowan county 100 cases have been listed, with 75 cases each in Owen and Pulaski counties.

Free vaccination for the disease is offered to any member of the student body, but any student who wishes to be vaccinated by his family physician may do so. The service at the dispensary is entirely optional.

The physical examination that all students undergo upon entering the University serves as a check for smallpox vaccinations, but as a safeguard, Dr. Chambers advises all students to report to the dispensary for a brief examination.

Blanding To Attend Personnel Meeting

Dean Sarah G. Blanding will attend a meeting of American council and personnel association to be held February 23-27 at Atlantic City. Miss Blanding, secretary-treasurer of the association, will address the convention twice, speaking on "The Sabbath Leaves for Dean of Women" and "Self Help Program for Women Students."

'Vogues Of 1938' Heads Bill For College Night Program

"Vogues of 1938," a musical extravaganza starring Warner Baxter, Joan Bennett, and Mischa Auer, will be the feature attraction of this week's College Night scheduled to begin at 8 o'clock tonight at the Strand theater.

With Baxter and Miss Bennett cast in the romantic leads, and Mr. Auer playing his usual mirth-provoking role, the combined fashion show and musical comedy promises a bountiful harvest of laughs.

A special attraction of Friday's program is a short band featuring Ina Ray Hutton and her Melodians.

All Campus Hop Will Be Held Tonight

Garth House and his orchestra will play in an all-campus dance to be held from 8 to 10:30 o'clock tonight in the Alumni gym, Dean T. T. Jones said yesterday. Six no-breaks will be held during the dance. The usual admission fee of 25 cents will be charged.

Youthful Chorus To Appear On Musical Bill

Jefferson County Children To
Present Program In
Memorial Hall
Sunday

The Jefferson County elementary school chorus, composed of 150 selected young voices under the direction of Miss Helen McBride, will perform at the eleventh vespers program at 4 p. m. Sunday, in Memorial hall.

Chosen from a regular organization of 500 singers, the group's appearance will mark the first time in the concert series that a children's chorus will be the feature attraction. The choristers, who are enrolled in grades 5 through 8, are trained by grade teachers. They have been widely acclaimed as one of the state's leading young singing societies.

Last April, the group appeared before the National Federation of Music Schools in Indianapolis, and the Kentucky education association, where its excellent work was warmly received. For seven consecutive years the chorus has given its own spring music festival in Louisville. The well-balanced program, which is divided into five parts, includes a violin selection by Frank Schooley, eighth grade student from Great-house school.

The complete program follows:

I
Prase Ye The Father... Gounod-Dale
Prayer from "Hansel and Gretel" ... Humperdinck

II
Spring Song ... Gounod
The Cuckoo Clock... Grant-Schaeffer
Birdland Symphony ... Klessner

III
Thais ... Massenet
Legende ... Wieniawski
Frank Schooler, Violinist

IV
Spanish Waltz ... Baldwin-Leavitt
The Big Brown Bear... Mana Zucca
Silhouette ... Reinhold-Brown

V
Sent Out Thy Light...
The Green Cathedral ... Hahn
Father Most Merciful... Franck-Deis

Federal Agents Nab Thirty Persons With Illegal Ticket Books

More than 30 illegally transferred University athletic ticket books have been seized by federal investigators of the Office of Internal Revenue, S. A. Boles, graduate manager of athletics, said yesterday.

Mr. Boles warned students that sale of tickets by students involved a federal offense. He said that the maximum penalty upon conviction of having transferred tickets illegally is \$10,000 fine and 10 years imprisonment.

Federal men have been stationed at ticket booths and at gates during the football and basketball seasons, he said, and have succeeded in curtailing the practice slightly. Football fans were the most consistent offenders, he said, because of the higher price of tickets.

Mr. Boles explained that the sale of an athletic book was not an offense in itself, but that it involved defrauding the U. S. government of amusement taxes.

Williams To Discuss Student Teaching

J. D. Williams, director of the University school, will present a paper before the national association of supervisors of student teaching at the 18th annual meeting of the group at Atlantic City on Feb. 28. Mr. Williams' subject will be "The Evaluation of Student Teaching."

Three In Commerce Make 'A' Standings

Three students in the College of Commerce: Anne Lee Stoll, Lexington, freshman; Clayton L. Bullock, Covington, Sophomore; and Rae Welch Lewis, Lexington, senior, made three standings for the first semester of the 1937-38 school year, Dean Edward Wiest said yesterday.

YW Group To Hear Mrs. Vandenbosch

Mrs. Amry Vandenbosch will speak to the World Fellowship group of the Y. W. C. A. at 3 p. m. Monday in the Woman's building. Her talk will be on the international situation as viewed by her during a six months trip abroad.

Hagan, Rouse Star As Cats Top Xavier In Drab Game, 45 To 29; Big Blue To Play Vandy Monday

Game To Be Curtain Clash
In Alumni Gym For
Walker, Hagan
And Combs

GAME IS LAST HOME
TILT FOR KENTUCKY

Rupps Defeated Commodores
Earlier In Season
42-19

By J. B. FAULCONER

With three regulars, including the captain, making their final appearance before Lexington fans, the University Wildcats will engage the Vanderbilt Commodores at 8 o'clock Monday night in their last home game of the season.

Captain J. Rice Walker, center, Joe Hagan, forward, and Charlie Combs, guard, are the three performers who will make their final bow.

The game Monday night will be the second encounter between the two quintets this year. Three weeks ago at Nashville the Cats overcame the Commodores, 42-19.

The Wildcats, who have an undisputed lead in the Southeastern conference, being the only team which has not suffered a loss, will have the opportunity of adding their fifth lopsided victory.

Since the Nashville engagement, the Rupps have rung up a very impressive record, their only mar being handed them by the Musketeers of St. Xavier at Cincinnati.

The Wildcats defeated the Alabama Red Elephants twice, avenged an earlier defeat by downing the strong Michigan State Spartans, and topped the Golden Avalanche from Marquette.

The Commodores after losing to the Kentucky Wildcats, 42-19, at the Western Kentucky state college five and, among other games, won one conference battle and lost to one lopsided.

The Vandy quint is now in eleventh position in the Big 13 conference and have a record of two wins against six losses. Only Alabama and Sewanee are below the Commodores in standings.

In a preview of the "Cat-Vandy" game, the University Kittens will tangle with the Morehead frosh in a return battle. Coach McBrayer's quintet emerged victorious in their last meeting.

All seniors and graduates interested in securing positions through the placement bureau are to give their information to the placement committee or to the bureau before March 1, it was announced yesterday.

Out of 325 seniors and graduate students enrolled in the Teacher's Placement bureau last year, approximately 250 received positions, officials said yesterday. It was estimated that the same number have been placed this year.

Further information concerning the bureau can be obtained from the placement committee which includes Mary Elizabeth Rentz, 123 Washington Ave., phone 6988; Ollie Montgomery, 250 South Lime, phone 5805, or James Wadlington, 534 Rose street, phone 3616.

"The Function of Music in Education" will be introduced as a new course at the first term of the summer school by Dr. Willem van de Wall, professor of music education. It was announced in the February bulletin of the summer session of the college.

The course is aimed to give students a general background which will enable them to evaluate intelligently and supervise the music program as a part of a general education system, the bulletin stated.

Offering non-technical material, the class will be open to administrators, teachers, music supervisors and all students of music who have attained a junior standing.

AAUW MEETS TO HEAR MRS. McVEY, DEAN

Mrs. Frank L. McVey and Dean Sarah G. Blanding left Thursday to address meetings of the Bowling Green and Hopkinsville branches of the A. A. U. W. They will also attend a meeting of the University alumni at Bowling Green.

POSTAL EMPLOYEES WILL HEAR BRADY

Dr. George K. Brady, associate professor of English, will speak at the annual banquet of the Lexington postoffice employees on Monday, February 21, in the Gold room of the Lafayette hotel.

N Y A Checks To Be Given Out Monday

NYA Checks will be distributed Monday, February 21, from the business office, Dean Jones said yesterday. All students on NYA are urged to get their checks without delay.

RESEARCH GROUP WILL HEAR ALLEN

Sigma Xi To Hold Meeting
In Pence Hall Tonight;
'Physiology Of Mutation' Is
Professor's Topic

Prof. Richard S. Allen, head of the department of anatomy and physiology, will speak on "The Physiology of Mutation," at a meeting of Kentucky chapter of Sigma Xi, national honorary research society, at 7 o'clock tonight in Room 201, Pence hall.

Professor Allen will discuss the belief of most persons that lack of pigment in the eye, and impairment of vision as well as hearing are associated with the absence of pigment in the hair or lack of coat color. He will also discuss his success in isolating each of the factors in question.

Three scholars were made associate members of Sigma Xi at the last meeting. Dr. M. M. White, secretary of the Kentucky chapter, said yesterday. Membership in Sigma Xi is given on the basis of work done in the fields of biological and natural sciences.

New members and their works follow: Judith Key, department of psychology, "Effect of Adrenalin on the Activity of the White Rat," J. K. Neel, graduate assistant in department of zoology, "A Recalculation for the Chronological Tables of the Development of the Chick," and Mary Asher, Western Kentucky state teachers' college, "The Relation of Electrical Conductance to Learning."

Teaching Problems Will Be Subjects Of 3 New Classes

Three new graduate courses in the problems of secondary school teaching will be offered the first term of summer school in the College of Education, officials said yesterday.

Arranged to meet the needs of teachers of English, social sciences, and mathematics, these courses will deal specifically with the findings of recent research, recent published materials found in texts, periodicals, and yearbooks, and will be taught by persons actively engaged in meeting high school teaching problems.

Among those already employed to teach these courses are: Miss Grace Anderson, supervising teacher in English, University high school; Miss Anna B. Peck, supervising teacher in social sciences, University high school; and Mr. J. L. Keffeler, supervising teacher in mathematics, University high school.

Black Hills Will Be Geology Trip Goal

The annual summer field group of the department of geology will include a journey to the Black Hills of North Dakota, according to an announcement made in the first issue of "The Round-Up," yearly bulletin issued this month by the geology department.

Paul Averitt, instructor in geology and author of the bulletin, stated that the purpose of the new paper is to acquaint alumni of the department with the whereabouts of former classmates, and to chronicle the progress of the department.

Included in the bulletin are alumni notes and a section entitled "Missing Persons Bureau." Mention is made in departmental notes of the increase in range of the field trips, which now extend from the Gulf to Canada.

AAUW MEETS TO HEAR MRS. McVEY, DEAN

Mrs. Frank L. McVey and Dean Sarah G. Blanding left Thursday to address meetings of the Bowling Green and Hopkinsville branches of the A. A. U. W. They will also attend a meeting of the University alumni at Bowling Green.

POSTAL EMPLOYEES WILL HEAR BRADY

Dr. George K. Brady, associate professor of English, will speak at the annual banquet of the Lexington postoffice employees on Monday, February 21, in the Gold room of the Lafayette hotel.

Smokey Is High Point Man
Tossing In 12
Kentucky
Points

RUPPS HAVE 21-7
ADVANTAGE AT HALF

Capacity Audience Witnesses
Drab, Colorless
Game

In a game as drab and colorless as the invaders' black uniforms, Kentucky's hot and cold Wildcats last night groped their way to a 45-29 win over Xavier's Musketeers before another sell-out audience in Alumni gym.

Neither team seemed to show any inclination to make an argument of the contest and the Cats, on top all the way, coasted to their 14th win of the year. Both teams were woefully weak in their shots and time and time again missed set-up shots under the basket.

Five minutes of the final half had elapsed before Xavier fashioned their third field goal on a one-handed hook effort by Donovan. Then in rapid succession the Musketeers found range with two more markers but here the Catholic offense bogged and the Cats again were the only team on the floor.

Unable to find enough in the game to hold their interest, fans resorted to booing the referees for their amusement. The game, from the fans' viewpoint, was marred too frequently by whistle solos by the referees.

With three minutes of the melee remaining to be played and Kentucky on top by 41-23, Coach Rupp jerked Walker and Hagan at, inserted the long and the short of his squad, Clugish and Head, much to the delight of customers. Clug immediately responded by cramming two goals down the hemp. As the game ended a string of Kentucky substitutes were wending their way into the game.

Hagan led the parade of Kentucky scorers with 14 markers followed by Curtis with 10 and Rouse with 9. The most pleasing thing from the Kentucky viewpoint was the performance of Rouse in holding Carroll, high scoring Xavier forward to 5 points.

The Wildcats grabbed a 2 point lead at the outset when Curtis hit a couple of free throws. Rouse followed with a neat bat-in shot, and Cab Curtis intercepted a Musketeer pass and went in for a crisp to give Kentucky at 6-0 lead. With neither team able to hit with any consistency, the Cats finally broke Opper loose for a crisp but Howe fouled Barney and the Cats took time out.

Opper dropped one of his two free throws when play was resumed to give Kentucky a 7 to 0 lead before Carroll hit for Xavier's first two points. Donovan pitched in a free throw but Hagan dropped in a pair of one pointers to keep the Musketeers on top by a 9 to 3 count. Rouse added a gratis shot, and "Smo

How To Be A Bad Sport

The University of Kentucky students who attend the home basketball games undoubtedly exhibit less sportsmanship and love of fair play, and display more rudeness and lack of common courtesy than any other similar group in the South.

With a lack of restraint that is strongly reminiscent of the high school sophomore, they "boo" members of the opposing team from the opening whistle until the closing gun. An opposing player attempting a foul shot commands anything but silence. On the contrary, he makes his attempt at the basket to the accompaniment of boos, jeers, and disconcerting heckling.

The referee, especially, comes in for his share of "verbal criticism." Despite his proximity to the action and his technical knowledge of the game, he is booed loudly and lustily for every decision he makes in favor of the visiting team. Every foul called against a Kentucky player brings forth a chorus of Bronx cheers from the loyal rooters. "I would rather walk across the Ohio river on cakes of floating ice than referee a Kentucky basketball game," was the significant statement of one referee following a recent University net tilt.

It is indeed a regrettable situation when a student body possessing average intelligence and a supposedly average degree of sportsmanship establishes such an undesirable reputation for itself and its University. Can't we do something about it?

What Chance Have We?

It is only too easy for gloomy prophets to point out to the college generation that it is traveling down a quaking path, marching to the threnody of the drums of doom. They take a somber delight in listing the horrors that await it in the future. Today there are eleven million unemployed in the country, they say. There is no work for the freshly hatched college man or woman. Furthermore, they grimly add, we are on the threshold of a dreadful international war. Fascism is holding military maneuvers on the east coast, and Japan is encamped in San Francisco. Still worse, those grim intellects declare, is the fact that the United States is in the hands of a mad visionary dictator who is allowing capital and labor to run amuck. In short, the collegian is a dead herring. He hasn't the chance of a celluloid cat in Hades.

Is the picture as dark as they have painted it? Perhaps it is true that there are eleven million men out of work and walking the streets. But, if so, who are they? Mainly they are those unfortunates who, because of lack of opportunities or inspiration, are not prepared to do work other than that classed as manual labor. Even now, that mad visionary dictator is taking steps to alleviate the situation. Vast sums of money are to be spent in 1938 to provide the unemployed with occupation and living wages. It is not an insurmountable task for college graduates, at this trying time, to find work. However, they must be qualified for it. In the fiercely competitive world of today there is no room for mediocrities.

Neither are Americans within the sound of shellfire. In the natural isolation of the continent is a defense that cannot be neutralized by a thousand dictators. Mr. William Randolph Hearst, despite his frantic desire to boom circulation, will not be able to persuade any foreign power to attack the United States on American ground; at least, not for a few years yet. Likewise, there is little danger of this nation becoming entangled in an impetuous war on foreign soil. A growing peace sentiment and a greater knowledge of how wars are bought and sold by industrial interests have made the American citizenry wary of rash actions. It will not be so simple to fire national patriotism with music and posters as it once was. Furthermore, if we can believe Secretary of State Cordell Hull, the United States is totally free of any foreign agreements or obligations. Also, the national military defense is to be expanded immediately as a security measure.

Capital and labor, despite frequent skirmishes, are slowly coming to terms. The government is forcing them into a position where an eventual agreement is inevitable. The entire argument has boiled down to a struggle between two selfish labor dictators, and a group of equally selfish industrialists. A compromise must be reached or all three will suffer much more than they expect.

No, the prospect is not as dreary as some would say. The college man who has made the most of his education will not have to step from the graduation roster into the breadline. But there is one condition: he must be good at the work for which he has prepared himself. Otherwise, he may join the eleven million with disconcerting promptness.

ON THE LAM

By GEORGE LAMASON

THEY are at it again. In the Morehead State Teachers college "Eagle," a Harry Lowman writes an appropriately named column, "Low-down." He writes:

"It has been often said, and possibly truly so, that as a sports writer this scribe would make an excellent brick layer. So, out of this hod this columnist would like to fling a brick or two at egotism in general and the men who conduct the U. of K. Kernal (we guess he means Kernel) a smelly sheet from a slightly moulded shell—in particular.

"The conceited, supercilious individual is, more often than not, of an inferior intellect. But to cast the pointing finger and critical eye of a close observer from a scrutiny of his own defects, he—dictator-like—creates a furor over an imaginary wrong, or distorts a trivial incident to a personal affront.

"Such is the case with the high-minded bug-a-boos of the Kernal editorial staff. Instead of clearing up the caries* in their own machine, they deliberately avoid any attempt at introspection, and cry to all who listen, or read, about the deficiency of others.

"The man who has accomplished anything in sports, or otherwise, is not afraid to face facts, nor does he blame or shame. The Kernal staff would well go out for track, boxing, football, basketball, or some other sport. They teach self-reliance, self-respect, and eliminate the fear of criticism, and the pointing finger."

We don't know what the man is talking about, either.

* Ulceration and death of a bone—Funk & Wagnalls.

A second cousin of Greta Garbo is a student at Weber junior college in Ogden, Utah, according to newspaper reports. She scored 142 in a psychological examination at Ohio State and is ranked a genius. The dispatch failed to disclose what size shoes she wore.

From the LEADER:

"Q. Should a husband refer to his wife as 'the wife'?"

"A. No; he should say 'Alice' when talking with a close friend. 'Mrs. Brown' when speaking with a stranger."

If your name happens to be Twitchypuss and hers Mehitabel, we think that it would be okay to call her "Mehitabel" and "Mrs. Twitchypuss."

SIDESHOW

By ROSS J. CHEPELEFF

WE do not know how many times we have been asked "How does it feel to be a college editor?" But we do know that on a number of occasions some slight attempt was made to answer this question. On no occasion, however, were we as qualified to answer as we feel we are at the moment. Almost a year now we have been trying to edit a paper as best we know how—and not a single time have we been able to please everybody—which fact we will accept as a definite contribution to our ego.

We know but one fact, as true as it may sound, we have spent many a happy hour on the paper—and many a sad one. We have learned many things.

We have learned from a perusal of many college newspapers over a period of time that the student editor frequently falls prey to a feeling of futility. He learns that a reformer is never liked, whether his reform is a success or a failure. He finds that he has a rapid turnover of friendships.

An editor becomes aware of these barriers. He knows that few care or will long remember his work. He expects his intentions to be misinterpreted, no matter how obvious the motivation for his acts may be. He feels like tossing in the towel 50 times in as many days. He says "What's the use?" But the minute he gives in to his own inclinations for peace, he places himself beneath the sod. However, if he stops and looks over his problems in a quizzical fashion, he feels the old animosity stir within him, and realizes what a life it would be if someone didn't disagree with him, and there was nothing to fight for or about.

There really need be no envy of those college editors who are flagpole sitters for two semesters and permit the rest of the world, and even the rest of the campus go by without molestation. The boys who really have the fun are those who do not know how long they will have their scalps, who laugh and defy the bigots and moth-eaten vested interests, who openly flaunt the epitaphs which have been written for them in advance, and who take matters seriously, without becoming over-serious.

Most of the esteem accorded the active college editor is worth considerably less than the good whole some hatred he gathers. He usually has a few staunch friends who are large enough to overlook his hastiness, a faux pas now and then, the seemingly inane and meaningless editorials he sometimes writes, and his somewhat peculiar adherence to his own peculiar code.

At times he is usually cynical, at others he is not cynical enough. But no matter what he writes, if it's serious, he is sincere; if he is humorous, it is intentional. In these words, perchance we have a typical college editor. Our own regime has certainly qualified us to be placed in this class. And without doubt, many other editors have experienced similar feeling during the time they were responsible for the successful appearance of the paper on the definitely scheduled date. The major realization of an editor is the fact that no matter what he says in his editorials, no matter how much, or little, news matter exists, no matter what the contents of the paper might be, the paper must appear on the set dates, and he is the one who is responsible for its appearance.

If the headlines in the paper are misleading or generally bad, it is the editor's fault. If the proof-readers make more than the usual number of mistakes, it is the editor's fault. If a reporter misquotes a speaker in a story, it is the editor's fault. And, if by chance the presses should break down and the paper is late in making its appearance, it is the editor who hears the

majority of complaints from the student readers.

But we are not attempting to arouse any sympathy for the editor, for it is all these complaints which make him realize that some few people are reading the matter in his paper and are noticing what is said. In this, really, is the thrill of being an editor. In this is the compensation. For from all these remarks he feels that he is accomplishing something.

And to us, there is no greater compensation in life than the personal satisfaction derived from criticism leading toward constructive creation.

Marjorie Weaver, Cinema Star, Rated High As UK Co-ed

By MARY STUART PILE

As Marjorie Weaver, U. K. freshman and Kappa Delta pledge, entered the football stadium wearing her brightest smile and a huge "mum," an entire section of boys rose and cheered her as one man. That was 1931.

As Marjorie Weaver, rising young motion picture star, appears on the silver screen flashing her now famous smile, theater audiences cheer. This is 1933.

"Kentucky Moonshine" is Miss Weaver's forthcoming picture in which she is cast in the feminine lead. In "Second Honeymoon" she had a supporting role with Tyrone Power and Loretta Young.

During her only year at the University, Miss Weaver appeared in two Guignol plays, "Yellow Jack-ets" and "Death's Lower Depths."

The extremely popular co-ed was chosen by George White, of "Scandals" fame, for his court of honor of six beauties.

RHOTO TO TEACH

Professor A. L. Rhoto of Pennsylvania State College will teach two courses in education at the first Summer Session term, it was announced yesterday by the Summer Session office.

Done at Dunn's

The news flash from the center of activity points to Jean Ann Overstreet and Paul Smith enjoying lunch while Dorothy Hillenmeyer and Jack Evans find a secluded spot in the corner. Is it love or infatuation? John Greathouse sips a limeade over the shoulders of Clara Spencer when Sally Cannon takes the situation well in hand. Jerry Stapleton, Betsy May, Virginia Butterton, Eleanor Randolph, and a host of K. D.'s seem to have quite a time in their selection of the House of Dunn. In a nonchalant manner Meredith Wanless stalks into a den of Phi Deltis and asks Jiggs Whittinghill if there is a Campus Hop this week. Sometimes we have our doubts about these things. (Adv.)

The Peeriscoop

JEAN McELROY

Maybe it's the barometric conditions, or the food they had for breakfast, or the morning after. There must be some logical solution to the whole affair. Here when everybody thought everything was going off so, so, beautifully, people change their minds. We might even call this the exchange department. It deals with the pins that are being tossed forth and back in a steady stream.

First we have, as some idealistic people have termed it, the perfect romance. It concerned the bonding of Frank "head usher" Davis and Margaret Greathouse. Long and heart-rending were the sighs heard around when the feat occurred. But now it is no more. Sunday night Margaret was guest of honor at a birthday party given by Frank. Sunday night Frank came home with his pin sizzling on his vest. Now we find F. F. and his former heart-beat, Do-Ann Young, going to dinner together and things, and Do-Ann driving The Packard. There must be some explanation. But we do promise this is the last time we bring up something about this.

Then too we have to consider the drastic happening that occurred in the KD chapter. Dot Torstick, who has forsaken all others for Bill Gorman, pitched his pin back. Nobody knows the reason, they just sit back in amazement. Jane Godbout and Kell Raynor have exchanged the jewelry for about the Nth time, and Ellen Overstreet and turkey-growing Ray Nute have come to the parting of the ways.

But conversely, to add a little happiness to the gloom we have two Trideltis all perked up. They are former beauty queen Frances Woods, to Walt Hillenmeyer; and Nell Pennington to Billy Young. This should cause some thinning of the ranks. Congratulations and all that stuff.

Phi Tau Bob Tabeing, who to quote him has only been "gigoloing around the girls up here" because of his gal Buttercup (her real name is Dolores Bertke) back home, is

Alpha Gam Formal Dance Will Be Held Saturday

Johnnie Lewis And Orchestra Will Play For Affair In Alumni Gym

A double finger-tip veil of illusion, caught with a cornet of orange blossoms.

The ceremony was performed at one end of the spacious living room against a background of ferns and rosettes of huckleberry foliage, interspersed with white wedding gowns in wrought iron candelabra. A kneeling bench was covered with white satin pillows and on either side were standards holding large alter candles. Candlelight and spring flowers were used throughout the lower floor of the home.

Following their wedding trip, Mr. and Mrs. Owen will be at home at River View Farms, Cynthiana. For traveling the pretty bride wore a Molyneux model dawn blue three-piece suit with blue fox collar. She is an attractive and accomplished girl. She was graduated from Cynthiana high school and attended the University, where she was pledged to Kappa Kappa Gamma.

Mr. Owen was graduated from K. M. I. and attended Washington and Lee and the University of Kentucky. He is in the tobacco business.

Widely known and popular, the young people and the good wishes of a host of friends.

Lambda Chi
Epsilon Phi Zeta of Lambda Chi Alpha takes pleasure in announcing the pledging of Gordon Hambrick, Lexington; Edward Shaver, Greenville, Ky.; and Jack Lewis of Ludlow, Ky.

Hugh Williams, who is now attending the University of West Virginia, was a guest at the house for the week-end.

Walter Blount spent the week-end at his home in Irvine.

Duke Jones and Walter Arnold spent the week-end at their home in Harlan.

Tozier Brown, Lambda Chi Alpha traveling secretary, spent several days at the chapter house.

Ollie Montgomery and Jack Lewis spent the week-end at their respective homes, Campbellsville and Covington, Ky.

The following were dinner guests during the week: Mr. and Mrs. Herschel Ward, Bettye Murphy, Jimmie Richmond, Ann Trent and Hugh Williams.

S. A. E. Binge Party
The Minerva club of Sigma Epsilon entertained Friday night with a benefit bridge and bingo party at the chapter house. Prizes were awarded to the winners and sandwiches and coffee were served.

Alpha Gam Party
Epsilon chapter of Alpha Gamma Delta entertained Tuesday afternoon at the chapter house with a bingo party in honor of ten rushees. Prizes were awarded to winners, and a grand prize was given to the winner of the most games.

The house was decorated with a profusion of red roses. Refreshments were served in the Valentine motif.

Kappa Slumber Party
Kappa Kappa Gamma sorority entertained five rushees with a slumber party Saturday night after the basketball game.

Sandwiches and coffee were served at 11 o'clock. Mrs. George Newman, the housemother, was in charge of the arrangements.

Afternoon Tea
A Mother's and Daughter's tea was given from 4 to 5 o'clock Thursday afternoon at the Woman's building. More than 100 guests called during the tea.

Buffet Supper
Delta Sigma Chi honorary men's journalism fraternity will entertain with a buffet supper Friday, February 25, at the home of Mr. and Mrs. Elmer G. Sulzer on Aylesford place.

Howe-Owen
The marriage of Miss Mary Elizabeth Howe, daughter of Mr. and Mrs. William C. Howe, to Mr. Robert Altsheuler Owen, son of Mr. and Mrs. Sterling P. Owen, all of Cynthiana, was an important event of Tuesday night, solemnized at the home of the bride's parents.

The Rev. C. N. Barnett read the service in the presence of kinspeople and friends.

The bride, given in marriage by her father, wore a Vionnet model of ivory Duchess satin, over which fell

Guests for dinner Sunday at the chapter house were Misses Sarah Gaitskill, Gladys Harkness, Jerry Stapleton, and Ellen Coyte.

Cabaret Party
Alpha Delta Theta sorority entertained with a cabaret party Wednesday afternoon at the chapter house on Limestone street in honor of a group of rushees.

The house was decorated with red roses, serpentine and confetti. Sandwiches were ordered from a menu, cabaret style.

Misses Joyce Roberts, Peggy Payne and Frances Skinner were in charge of the arrangements.

Candlelight Dinner
Alpha Delta Theta entertained with a candlelight dinner Thursday night at the chapter house prior to the basketball game in honor of ten rushees. Sweet peas were used as the centerpiece on the dinner table.

Pi Kappa Alpha
Omega of Pi Kappa Alpha takes pleasure in announcing the pledging of Wick Boggs, Nicholasville, and Pete Smith, Georgetown.

Sunday dinner guests were Jean Megerle, Leila Moran and Mildred Kash.

Lawrence Raeburn Hammer and Jay C. Nelson left Friday to spend the remainder of the semester in Ft. Worth, Texas.

James Graham visited his home in Harrodsburg over the week-end.

Bert Fraser spent the week-end in Winchester.

Tom Taylor, Frank Dailey, Robert Stiltz, William Neiser, Wyman Bishop, John West and Charles Gary will go to Louisville Friday to attend the wedding of William Lowry.

Robinson-Herrington
One of the most important social events and one of interest to many relatives and friends in Central Kentucky, was the wedding of Miss Eloise Robinson, daughter of Dr. and Mrs. Roy F. Robinson of Madisonville, and Mr. Hume Chenault (Shinny) Herrington, of Lebanon, son of Mrs. S. Hume Herrington of Lexington and Mr. L. B. Herrington of Atlanta, Ga., which was beautifully solemnized Saturday at the First Methodist church in Madisonville.

The ceremony took place at 8 o'clock in the evening, with Dr. A. R. Kasey, who had officiated at the

wedding of the bride's mother, reading the service. The church was effectively decorated with lilies and southern smilax and lighted with white cathedral candles.

Mr. Herrington is a graduate of the University where he was a member of Phi Delta Theta fraternity, and is now connected with the Kentucky Utilities Company. Mr. and Mrs. Herrington will make their home in Lebanon.

Marriage Date Chosen
Miss Nancy Dyer has chosen the date of Saturday, March 19, for her marriage to Mr. William Donlon Edwards of San Jose, Calif.

Bishop H. P. Almon Abbott, assisted by Dr. John Mulder, will read the service at 8 o'clock in the evening at the Church of the Good Shepherd.

Miss Dyer attended the University in 1936 and was a member of the Delta Delta Delta sorority.

Bacteriological Society
Miss Elsie Starks will be hostess Monday night to the University bacteriological society at her home in the country near Midway.

Anyone in the bacteriology department who is interested in becoming a member of the society is extended an invitation to attend the party.

A nominal fee will be charged to defray the transportation expenses.

Town Girls' Tea
The town girls of the University entertained with a tea in honor of their mothers yesterday afternoon in the Woman's building.

In the receiving line were Mrs. Sarah Holmes, assistant dean of women; Miss Elizabeth Cowan, Y. W. C. A. secretary, and Mrs. L. M. Lebus, director of the Woman's building. A program composed of violin and piano music was presented.

Girls in charge of program and arrangements were Dorothy Jane Neal, Theresa McKinney, Jessie Roby, Mary Lewis Foley, Hazel Douthitt, Rae Lewis, Helen Markwell, Thelma Renfro, Ruth Ecton, Eleanor Wolf and Thelma Beckley.

Delta Tau Delta
Morton Kelly spent the week-end in Frankfort.

Lee Allen Heine, Ben Buffet, Oscar Wisner and Jamie Thompson went to Louisville Wednesday night to hear Tommy Dorsey.

Clarence Murphy was guest at the chapter house, Sunday night. Pat Eddie spent Wednesday night at his home in Shelbyville.

"Colonel" of the Week

Lafayette Photo

CARL CONNER

This week's "colonel" goes to Carl "Col. Carl T." Conner, Lexington, junior (?) in the College of Arts and Sciences, member of the Pi Kappa Alpha social fraternity, and a member of the men's glee club.

Carl has been awarded this "colonelship" for consistently doing absolutely nothing. However, he has succeeded in doing nothing to a high degree of perfection and we feel justified in making this award.

To show our appreciation, come in and enjoy any two of the delicious dinners from our menu.

Gay-zing At Sports

By MARVIN GAY

KENTUCKY'S famous pool-less swimming team again has demonstrated its indomitable desire for victory. Monday night, while most students were cheering the Cats to victory, the team trekked to Richmond for a practice season in the Eastern pool. This, despite the fact that many of the natators are net fans who keenly wished to witness the Marquette game.

When a pool is eventually secured for the University, much of the credit will be due these hard working lads who have refused to quit despite every imaginable obstruction.

Rupps Do Impossible

Without hesitation, we nominate Kentucky's Marquette victory as the most dramatic we have ever witnessed. In fact, we have scant hopes of ever seeing another contest so packed with thrills.

Early in the game the fans' hopes soared skyward when the 'Cats jumped into a 7-point advantage, and then their courage commenced to ebb as the Avalanche rallied to tie the score at the half, 18-all.

Throughout the final period Kentucky rosters remained in an animated sense of suspense, as the Rupps strained every fiber attempting to overhaul their opponents. With three minutes remaining, Opp turned the trick.

The remaining moments were played in a bedlam. How the fans suffered! How the players suffered! But, how both groups loved it!

When Hagan made his miraculous toss, the gym became the scene of a madhouse. Never did the Euclid playhouse reverberate with such thunderous cheers as were heard when the final whistle sounded above the uproar.

Even now, it all seems a wonderful dream from which we are fearful of awakening. It couldn't happen—but it did.

Fans, Players Are Happy

Never did we see a group so emotionally spent as were the 'Cats at the finish of this miracle. Tears of joy coursed down drawn faces when, realizing they had done the impossible, they were thumped and mauled by the equally happy throng.

Coach Rupps, who left his bed to direct the 'Cats, never before appeared so overcome with emotional pride and bliss.

Happy Drives Nail

The silence that enveloped the crowd when Hagan, the big bruising end, knelt and prayed during the final minute will forever be remembered by fans. Then, immediately afterward, the Red-head received the ball and connected with his game-winning toss.

Governor Chandler, who had cheered madly during the later stages, rushed from his seat and drove a nail into the floor from the

point where Smokey had stood. Hagan's shot, one of the longest ever seen in Alumni gym, was made from a difficult and virtually hopeless angle.

Smokey Joe Hagan

A remarkable athlete—Smokey Hagan is undoubtedly the greatest, tightest, player we have ever seen. The big fellow simply doesn't have the word quit in his vocabulary.

All season Hagan has displayed this same fighting, never-give-in attitude. He is all over the court continually intercepting passes, hawking his man on defense, or driving in for goals. How he stands the pace we don't know, but we do know that he will be missed next season both by the team and by the fans.

Kittens Please Throng

The crowd's appetite for thrills was whetted by the preliminary in which Coach McBrayer's Kittens displayed their top form by downing previously undefeated Cumberland college in an overtime period. Ten small Kittens fought an uphill battle to overcome the superior height of Cumberland's warriors.

Several prospective varsity prospects were unearthed during the course of the test. Orme, another red-headed sharpshooter, served notice he will be after Smokey Joe's position next season by swishing 17 points through the hoops. Combs, in addition to finding time to compile 11 points, held Penn, of Midway fame, in check.

Coach Rupps can make use of Tallent, free-wheeling Cumberland center, who scored 15 markers. Both Tallent and Penn expect to enter the University upon completion of their Cumberland courses. And, the Wildcats' greatest need is a center who makes a habit of going on scoring sprees.

Goforth Says Pros Tough

"The pro game is plenty tough," So said "Big Jim" Goforth, guard on last season's Cat net five, in discussing professional football in the Midwest League.

According to the former star netter, when players smash you in a pro game they mean business. It is much tougher than the college game, he says, because the players are larger and rougher.

Goforth spent the past season playing end for Ashland, which finished second in the league race. Three other former 'Cats also performed on the team: Rupert, end and Wildcat captain; Hay, fullback; and Darby, guard.

The big Louisville athlete is spending some time at the University, gaining new knowledge. He plans to play two more years of pro ball before going into business.

Kampus Kernels

There will be a meeting of Lances at 7 o'clock tonight at the S. A. E. house. All members are urged to be present.

There will be a meeting of Sigma Xi, national honorary research society at 7 o'clock tonight in Room 201, Pence hall.

All members of last year's Girl's Band and anyone interested in becoming a members this year are asked to be at the music department at 5 p. m. Tuesday, February 22. One credit hour is given for work in the band.

A meeting of Lances, junior men's honorary society, will be held at 7:15 o'clock Tuesday night at the SAE house. All members are asked to attend.

CAT SCRIMMAGE TO BE HELD SATURDAY

To top off the first week of spring football drills, Coach Chet Wynne tomorrow will dish out a hard scrimmage to the 58 Cats who merely have been limbering up this week. The clammy weather which set in after the men reported Monday for the first practice slowed down the conditioning somewhat.

At yesterday's session, the men seemed to be in better than average condition, however, and all appeared to be eager to begin the scrimmage sessions.

The squad still is minus many who are counted as probable varsity regulars. Captain Sherman Hinkbein and Lloyd Ramsey still are busy with the swimming team. They, with the players still out for basketball, are expected to report for football within the next month. Walter Hodge, most likely candidate for the fullback position, is at Memphis, recovering from a leg operation. Tackle Bill Tracy is resting, pending a minor operation.

INTRAMURAL

After a one-day delay due to the Kentucky - Marquette basketball game, the University Intramural basketball program opened Tuesday night with 6 B league tilts. The lid of the A league competition was pried off Wednesday night with another six game card.

All the A league games, with the exception of two contests, were close and well contested. Playing in the B loop will be resumed Tuesday night, with A league games starting Wednesday night and continuing through the remainder of the week.

The first game to be played in the A league was taken by Alpha Sigma Phi over Lambda Chi by a 31-7 score. The Lambda Chi team, hampered by lack of size, was never in the running and their ranger foes scored almost at will. Alpha Gamma Rho presented a well-rounded offense that clicked a 32-20 win over the Triangles.

The first upset of the play came when the defending titlists, SAE, were downed by ATO, 19-16. SAE field goals by Garland and led at gained an early advantage on two the half, 8-5. The ATO's, with Jenkins and Meers taking the rebounds off both goals, early in the final half staged a rally that carried them into the lead and despite an SAE bid in the closing minutes, finished on top.

TRACK SEASON WILL OPEN APRIL 16

By R. M. RANKIN

The University track team will open its season April 16 engaging the University of Vanderbilt at Nashville, Coach C. F. Striplin announced Thursday.

Striplin said that the outlook for a successful season was doubtful considering the loss of last year's

stars, Ben Willis, Stan Nevers, and Ralph Carlisle.

Willis was one of the outstanding track men in the Southeastern conference and usually ran four events for the Cats, including the hurdles and the dashes. Nevers put the shot and threw the discus, while Carlisle took part in the high and broad jumps.

These three men were good for 32 points in the meet with Vandy last year and their places will be hard to fill. Coach Striplin added.

Coach Striplin said the varsity track practice would start on or about March first.

Arrow Shirts, \$2 up

REG CARRINGTON ASKS COMMANDER ELLSBERG:

"Can you tell a Real Difference between Camels and other cigarettes?"

REG CARRINGTON: "I see you're a steady Camel smoker, Commander. There really isn't any difference in cigarettes, is there?"

COMMANDER ELLSBERG: "You're dead wrong, Reg. The life of a deep-sea diver is tougher on a man than most work. Most of the divers I know are steady Camel smokers and, believe me, they know there's a difference. Take my own case, for example. I stick to Camels—have smoked them for ten years. They never get on my nerves. Smoking Camels, I feel that I enjoy life more. Camel is the cigarette that agrees with me."

CLUB-ROOM CONVERSATION (above) so often swings around to cigarettes—an interesting topic to smokers generally. "I can tell the difference in Camels," Commander Ellsberg says. "That famous saying, 'I'd walk a mile for a Camel!' expresses how enthusiastic I am about Camels myself."

NEW DOUBLE-FEATURE CAMEL CARAVAN. Two great shows—"Jack Oakie College" and Benny Goodman's "Swing School"—in one fast, fun-filled hour. On the air every Tuesday night at 9:30 pm E.S.T., 8:30 pm C.S.T., 7:30 pm M.S.T., 6:30 pm P.S.T., over WABC-CBS.

HIS FAVORITE sport—small-boat sailing, Camels are right beside him! "Camels fit in with my leisure hours, too," he says. "I've never known them to jangle my nerves. That means a lot—because I smoke a lot!"

ONE SMOKER
TELLS ANOTHER

"Camels agree with me"

"Yes—absolutely!" says Commander Edward Ellsberg. And millions of other steady smokers know there is a distinct difference in Camels. That's why Camels are the largest-selling cigarette in the world.

ELLSBERG is used to fatigue. He says of Camels: "I found that smoking a Camel when I feel tired after an hour under water—or any tour of duty—gives me a quick 'lift' in energy."

IN ACTION! Commander Ellsberg shares danger with his men. He says: "The last thing a diver does before going down—and the first thing after coming up—is to smoke a Camel."
